

# Karehana Park: What's Your Vision?

---

Based on responses to the recent Plimmerton Residents Association survey, a small group of locals has formed, in partnership with the Porirua City Council, to look at upgrading Karehana Park.

This is an initial survey to get input from those who are most affected by any changes (current users and residents who surround the park), as well as the wider community.

**Please answer the following questions to help us understand the current use and what you would like to see in Karehana Park in the future:**

**1) How do you currently use Karehana Park?**

**2) How often do you use Karehana Park?**

**3) What do you most value and would want to see retained in Karehana Park?**

Below is a list of some suggested improvements, which with the necessary finance being available could improve the use of the park.
